

# Go Conference 2012

Mossel Bay will host D.V. the second national Go Conference from **20 June – 24 June 2012**. This conference was initiated by a few mission agencies and congregations in the Southern Cape.

The main speaker is **Mike Hack** from OM

We also plan to facilitate **local outreaches** where all workshops, as far as possible, will be involved in the community in a practical way. We invite **all ministries of local congregations** to take part in this, to ensure sustainability and follow-up as well as to create networks.

We invite all organizations, churches and ministries to commit yourselves to participation and support of this conference.

If we take hands, we will strengthen God's body and make a huge impact for the Kingdom in the Garden Route, the nations and the unreached.

During this conference there will also be relevant workshops that will equip participants with tools and strategies to impact the Kingdom effectively.

We want all age groups to engage, and therefore **GO LITE**, a special program for the **younger** generation is presented as well as a **kids** program every evening.

## Workshops

Sport  
Prayer  
Church planting  
Muslim evangelisation  
Media & Communication  
Community development  
Witness in the marketplace
